                          **F**                              **C**
Well you only need the light when it's burning low
             **G**                   **Am**
Only miss the sun when it starts to snow
               **F**              **C**   **G**$^2$
Only know you love her when you let her go
                   **F**             **C**
Only know you've been high when you're feeling low
             **G**                  **Am**
Only hate the road when you're missin  home
               **F**               **C**
Only know you love her when you've let her go
**G**                    *G*↓
 And you let her go

**Strophe 1:**

**Am**                          **F**
Staring at the bottom of your glass
          **G**                     **Em**
Hoping one day you will make a dream last
                 **Am**                **F**      **G**$^2$
The dreams come slow and they go so fast
        **Am**                   **F**
You see her when you close your eyes
          **G**                   **Em**
Maybe one day you will understand why
              **Am**     **F**   **G**$^2$
Everything you touch surely dies
